Established by an Act of the Victorian Parliament in 1853, the University of Melbourne is a publicly-spirited institution, excellent in research, learning and teaching, and external engagement.

The University is registered with the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS Provider Code 00116F).

Course information (including subject descriptions, assessment requirements) are detailed in the handbooks available at <http://handbook.unimelb.edu.au>

The University of Melbourne's current grading scheme

The information provided in the table below was correct at 1 March 2013. Any changes will be published as part of the University's Grading Scheme Procedure at <http://policy.unimelb.edu.au/>

Grade	Mark	Explanation
H1	80 – 100%	First Class Honours
H2A	75 – 79%	Second Class Honours Division A
H2B	70 – 74%	Second Class Honours Division B
H3	65 – 69%	Third Class Honours
P	50 – 64%	Pass
F	0 – 49%	Fail
CMP	Mark not awarded	Completed. Only used for subjects marked on a pass/fail basis. CMP denotes that the subject was passed.
CHT	Mark not awarded	Continuing. Used for subjects that run over more than one teaching period, and the subject has not yet been completed. Please see note A below the table.
CTC	See the explanation	Continuing – Completed. Used for each teaching period (except the final teaching period) where a student has been enrolled in and passed a continuing subject. When the subject is completed, for subjects that are not marked on a pass/fail basis, an overall mark (%) will also be recorded against each enrolment in the subject.
CNF	See the explanation	Continuing – Fail. Used for each teaching period (except the final teaching period) where a student has been enrolled in and failed a continuing subject. When the subject is completed, for subjects that are not marked on a pass/fail basis, an overall mark (%) will also be recorded against each enrolment in the subject.
FL	Mark not awarded	Fail. Only used for subjects marked on a pass/fail basis.
NH	0 – 49%	Not completed/fail. Used when a student fails as they have not satisfactorily completed all prescribed (handley) requirements and would otherwise have passed the subject.
WD	Mark not awarded	Withdrawn from the subject after the date for making subject changes without penalty has passed.
NA	Mark not awarded	Not Assessed. Used for subjects that are non-assessable, such as Community Access Program audit studies.
GN3	Mark not awarded	Grade Not Submitted. Denotes that the assessment has not yet been finalised.

Notes:

- From 2010 the University began to replace CHT grades with a final grade when the subject was completed. For some students, a CHT is used for completed subjects. In these cases, the final overall grade (and mark, if applicable) is recorded against the student's final enrolment in that subject.
- From 1993, the grades H1, H2A, H2B, H3 etc shown above have been widely used, and numeric (i.e. %) marks have been awarded for most subjects. The section below notes where to find information about the grading schemes that were used at the University before 1993, and the grading schemes used at institutions that are now part of University of Melbourne.
- ¹ denotes that a result is not applicable to the subject, or that the result is unavailable.
- Successful completion of Honours courses usually requires a minimum grade of H3.
